Avionics

We are proud to present our ELT services.

- Your ELT will be performance tested and certified in accordance with Transport Canada Regulations (Chapter 571 Appendix G).
- Replacement of batteries, if required and/or upon request.
- Your ELT will be externally cleaned
- Minor repairs in house; major repairs will sent to the manufacturers on your behalf if requested.

The following is a list of ELT models we currently certify.

ELT 121.5 MHz Models We Service:
ACK E-01, Ameri-King AK-450, EBC 102A

ELT 406 MHz Models We Service:
ACK E-04, Artex ME-406 Series,
Kannad AF-COMPACT

ELT Models we are going to service soon:
Dorne & Margolin DM 6, Narco ELT 10,
Ameri-King AK-451 Series, Artex C406 Series

If the model you have is not on this list, please feel free to give us a call. We will work to add it to our capability list.

Kenny Wong

Aircraft Maintenance Engineer (AME-E)

Kenny is our newest addition to the team and he rounds us out superbly with his AME E-License. Kenny will lead our Avionics Department and he has big plans for us. Visit our [Avionics Page](#) regularly to see the updates. Kenny will also lead our GPS new technologies work and system troubleshooting. A fast learner and very professional, we are very happy to have him on our team.

Contact Kenny today at

 avionics@yorktonaircraft.com

Connect with Kenny at

At the same time as our Avionics Rating was approved by Transport, along came this approval

Our **LATEST** Distributorship

This will be a very exciting line that will be featured on our Avionics Page of our Website as we roll this out.
