

Aileron & Rudder Control Locks

Protecting Your Aircraft While Storing Outdoors

- ◆ Made of tough nylon strapping
- ◆ Extremely strong yet lightweight
- ◆ Easy to install
- ◆ Easy to stow
- ◆ Won't scuff your paint

Storing your aircraft outside? The wind can cause a lot of structural damage if the plane's controls are not secured. We recommend using locks like these and checking their security periodically while storing. Call us for more details!
