

Looking Back at 2018

2019 has just begun, but let's take a look back at what happened in 2018. It was a great year and we thank each of you for your support!

Pilots, Planes & Prep- May 2018

Yorkton Aircraft Service put on their first ever Pilots, Planes & Prep, a week long training event. Pilots came from Alberta, Saskatchewan and Manitoba. We also had guests from the UK and the States. Learning from the experts in the field, Pilots were able to get a lot of their preseason questions answered. Thank you Satloc®, Transland, Micronair, Specialized Spray, GE Aviation, Pratt & Whitney, CCAA, & Thrush for supporting this event.

To all those that attended- THANK YOU, we really couldn't have done this without you.

Switchback Gets FAAA Certified

The Switchback STC designates the 510G as a Single Engine Air Tanker (SEAT) aircraft. Thanks to its size, speed and maneuverability, it has the ability to deliver 500 gallons of water, retardant or fire suppressant with high accuracy - all while operating in tight environments.

*Canadian STC familiarization underway

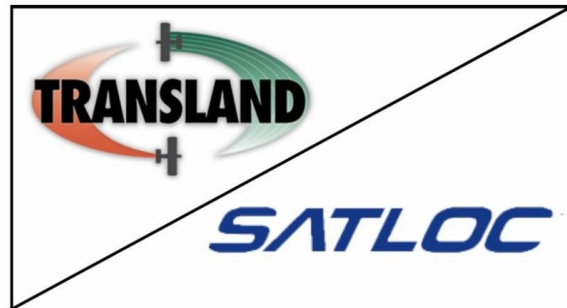

Proud Accomplishment

This year, the TEAM at YAS was awarded the **Distinguished Award of Performance- In Memory of Penny O'Carroll**. This marked the first time the award was presented to an entire team. We are very proud of our entire team for this accomplishment.

Transland Buys Satloc®

Satloc® and Yorkton Aircraft have a long successful relationship dating back to 1995. We have enjoyed the same relationship with Transland! We are pleased to announce the acquisition of Satloc® by Transland LLC.

Fundraiser in Support of Mental Health

In early December a local Mental Health Walk in / Counselling Service partnered with the Yorkton Mr. Mike's location to raise funds for the clinic. We jumped on board purchasing 40 tickets for the fund raiser and passed the tickets along to many of our General Aviation clients and customers, as well as local businesses and people who support us year round.

Industry Support

In 2018 we attended these events in support of the Ag Aviation Industry:

CAAA- Winnipeg, February- hosted the New to the Industry Session on Risk Management

SAAA- Saskatoon, October- tradeshow; includes the Saskatchewan Aviation Council

AAAA- Red Deer, November- tradeshow

NAAA- Reno, Nevada, December- Dealer networking

Growing Team

2018 marked a lot of growth within our company. *Remember when our team could fit along the wing of an aircraft?!*

2018 was a busy year for us, and we can't wait to see what 2019 has in store. Thank you for all the support you've given us throughout these years. Year 30 will be as good as the rest!
