Are You Looking for Training?

PRMC? QA? Correction Plans?

Please [let us know](#). If numbers are high enough we will organize some training days.

Thrush 510G Switchback Gets Certified!

Rev olutionary firefighting aircraft will prov ide Ag pilots with wildfire attack capability.

The Switchback is designated as a Single Engine Air Tanker (SEAT) aircraft. Thanks to its size, speed and maneuverability, it has the ability to deliver 500 gallons of water, retardant or fire suppressant with high accuracy - all while operating in tight environments.
