

TRAINING OPPORTUNITY: PERSON RESPONSIBLE FOR MAINTENANCE & QUALITY ASSURANCE (702 Operators)

We have had a number of inquiries from industry asking if we are hosting another Person Responsible for Maintenance (PRMC) and QA Course for 702 operators.

We do have an opportunity to host a course **May 14 & May 15 here in Yorkton.** *

This course is certified by the [Canadian Council for Aerospace and Aviation](#). We will apply to have the training recognized for Continuing Education Credits (to be used for accreditation towards your Pesticide License Renewal).

Ideally, 6-8 participants make this course cost effective for everyone. With 8 people we estimate the training to cost \$1000-1200 per participant.

The course: Go to this link and click on May 14

If you are interested, please let us know as soon as possible. Email [Kaci](#) with your interest **by end of day Monday April 16.**

* This training would coincide with our Pilots, Plane, Prep week we are hosting. See the detail on this [Spring Training Camp](#) for Ag Pilots here.
