

XX Spray Pump Seals Viton Gate Box Seals

Are you tired
of drip, drip,
drip?....

Investing in these 2 new industry advancements take your dripping problems away (well most of them!)

- No leaking, no dripping—for YEARS!
- Dramatically extends life
- Product & abrasion resistant
- Reduces downtime & frustration

At this next Annual improve your spray system with these 2 amazing products & look forward to years of **drip free** seasons!

Viton Gate Box Seals available for 3 years now

The first ones installed are still on the aircraft & they are all trouble free!

XX Seals— We started using them on pump overhauls 7 years ago. *No drips, no leaks.* We overhauled a 7 yr old pump this year just to check—seals showed no wear, would have gone even longer!

Available for most makes & models

Is your spray system as important as your engine, your gps, your airframe?

Yes we do pump overhauls

Send us your pump and we'll get it back to you ready to work! Yes, we leak test it!
