Avionics

1) ELT Recertification

- Your ELT will be performance tested and certified in accordance with Transport Canada Regulations (Chapter 571 Appendix G).
- Replacement of batteries, if required and/or upon request.
- Your ELT will be externally cleaned
- Minor repairs in house, for major repairs we will send it out to the manufacturers on your behalf if requested.

The following is a list of ELT models we currently certify.

ELT 121.5 MHz Models We Service:

ACK E-01, Ameri-King AK-450, Artex 110 Series, Dorne & Margolin DM 6, Narco ELT 10,

ELT 406 MHz Models We Service:

ACK E-04, Ameri-King AK-451 Series, Artex C406, Artex 345 & ME-406 Series, Kannad AF-COMPACT

If the model you have is not on this list, please feel free to give us a call. We may be able to add it to our capability list.

2) Transponder Certification

- Transponder and Encoder recertification and correlation tested in compliance with CARS 571.02, Appendix F.
- Altimeter recertification and correlation tested in compliance with CARS 571.02, Appendix G.
- Pitot/Static System Leak Test

You can make an appointment by calling the office at 1-800-766-4656. For us to be prepared to certify your transponder, we will inquire about your Part Number, Serial Number, and any information in regards to your previous certification.

Kenny Wong

Aircraft Maintenance Engineer (AME-E)

Kenny's avionics license enables us to be a full service AMO. Kenny will lead our GPS new technologies work and system troubleshooting. A fast learner and very professional, we are very happy to have him on our team.
