

THANK YOU!

SPONSORSHIPS

We would like to thank Farm Credit Canada for sponsoring our group supper Tuesday evening. Thank you, Rhonda, for joining us.

Also, thank you to Leading Edge Aviation for sponsoring the coffee and pastries for the week!

Pilots, Planes & Prep 2019

This year's event was a smaller event, but it was just as educational.

Garry & Chad Moffat of Specialized Spray, joined us for another week for pattern testing. Naturally, the wind decided to join us as well. They were able to get a few planes done, however!

Group supper held at Back Forty Brewery

Tim Sander, of Micronair UK, was able to join us again this year. On Tuesday, he delivered a presentation on the maintenance and function of Micronairs.

Tuesday night was closed with a group supper at Back Forty Brewery. As always, they delivered a delicious meal and a great atmosphere for visiting and mingling.

Wednesday was started off with Cheryl Denesowych presenting a knowledgeable refresher on Satloc. Tim Sander demonstrated the Micronair to Satloc interface for monitoring the RPM of individual atomizers on board.

Tanner Denesowych joined us for his second year as a presenter for Satloc Forestry. This presentation is to help prepare those pilots and operators that will be flying to Eastern Canada on forestry contracts.

Thank you to everyone who was able to join us this year. We know May is a tough month to attend events, and we appreciate everyone trying to fit this into their schedule. This event may happen for you, but it couldn't happen without you!

THANK YOU!
