

Job Opening:

Aircraft Maintenance Engineer

Join Our Team as an AME in Regina, Saskatchewan!

Based in Regina Saskatchewan, our AMO needs an M1 Team Leader. This is a full-time, permanent role offering you the opportunity to lead the shop, work with an apprentice and E-engineer. We serve General Aviation and light commercial aircraft. This is an excellent opportunity to build management experience and help us grow our team in Regina. Our team values safety, professionalism, and fun! If you want to reduce your aviation stress or move to an affordable location and seek a different, but simpler lifestyle, this is for you.

Why you'll love this job:

- Work with a service-focused AMO that helps pilots and operators stay airborne and protect the investment they have in their aircraft.
- We are dealers for some big names in this industry, including Garmin. While the planes we maintain aren't big, you will have many opportunities to further develop your AME skills.
- From time to time, you may help at our larger base in Yorkton (6 engineers) or have team members from there come to help you.
- Collaborate with a team that is focused on growth and continual improvement.

What We're Looking For:

- Licensed M1 AME.
- Strong teamwork, safety-first mindset, and excellent English communication skills.
- An individual interested in a smaller shop environment with desire to deliver high-quality results. Train and support an apprentice on his aviation career.

What You'll Be Doing:

- Mentor and guide apprentices as they grow their skills.
- Maintain/inspect Continental and Lycoming engines; conduct scheduled and unscheduled maintenance on aircraft.
- Assist on the install and service electronic systems under the guidance of our E-engineer;
- Work closely with our DOM and Service Director.
- Plan and execute projects to meet customer needs.
- Maintain an organized, clean and safe work environment.

What You Need:

- ACA experience.
- Strong troubleshooting skills.
- Ability to work independently.
- Customer service skills.
- A commitment to maintaining the highest standards of safety and quality.
- Physical ability to perform all AME related duties and tasks.
- Excellent English communication skills.

Schedule & Compensation

- Monday – Friday, 8 AM – 5 PM
- Competitive pay, based on experience.

About Us

Yorkton Aircraft Service Ltd. is a growing company specializing in aircraft maintenance and product support. We proudly serve clients across Canada and work with top suppliers worldwide. Our current focus is on building our Regina location, now is a great time to get involved. We're serious about safety and service—but we make sure to have fun doing it!
